

THE PEACE MUSEUM

# Learning and Education at The Peace Museum

**Did you know that The Peace Museum offers visits, workshops and learning packages for children, young people and adults?**

We are available to work in schools, at the Museum and at Bradford's new state of the art youth facility Culture Fusion, where we have our Education, Learning and Outreach Base. The Museum's collection chronicles the history of peace, conflict and cohesion, locally, nationally and internationally.

The Peace Museum can provide a stimulating, modern environment and valid educational experiences for children and young people that facilitate:

- visual and picture literacy
- innovative use of modern technology and hand held learning
- prose and writing for different audiences
- student voice and power
- autonomous learning and peer education
- learning outside the classroom
- thematic teaching and learning
- anti-racist education, equality, diversity, inclusion and cohesion
- friendship and a zero tolerance of bullying
- peace, faith and cohesion
- the creative curriculum
- art appreciation and visual representation
