

PEACE SUPERHEROES!

At The Peace Museum, we know lots of Peace Superheroes who are trying to make our world a more peaceful and safe place for us all to live. Find out about two of our favourite heroes and then create your own!

Colour me in

Name: Greta Thunberg aka SuperGreta!

Born: 2003

Nationality: Swedish

Superpower: Earth Saver!

When she 8 she found out about climate change. Climate change is making planet Earth much warmer than it should be. Animals like polar bears could loose their homes! So now Greta tells millions of people all around the world about climate change and gives them the superpower to make changes so they can save Planet Earth too!

Colour me in

Name: Rosa Parks aka AmazingRosa!

Born: 1913

Nationality: American

Superpower: The Bravest of the Brave!

When Rosa was growing up, it was very difficult for black people like her, as they were not treated the same as white people. Black people were not allowed into some shops, cafés and even had to sit in a different section on the bus. One day Rosa bravely refused to move from her seat on the bus. This led Black people refusing to use the buses and after 381 days, the law was changed so everyone could use the bus equally. Rosa is remembered for her brave actions to this day.

Design your own peace superhero!

Maybe they help people who are lonely, maybe they look after animals. Use your own pens and paper.
